EVAC OPTIMA COMMODORE

Luxury vacuum bidet toilet

Benefits

- The quietest flush operation on the market
- Hygienic, durable and compact design
- Low fresh water consumption (1.2 l / 0.4 gal. per flush)
- Reliable operation with flush memory and vacuum-guard technology
- Easy to clean and maintain
- Heated seat and adjustable bidet function
- Includes remote control

EVAC OPTIMA COMMODORE

– fully automated vacuum toilet

- 1 Flushing ring
- 2 Discharge valve
- 3 Control mechanism
- 4 Water valve

The Evac Optima Commodore is a fully automated vacuum toilet. It consists of the Evac Optima 5 toilet bowl, the Evac Commodore bidet seat and a remote control. The luxury features of this bidet toilet include a washlet feature in which toilet paper is not needed, and an auto flush option.

This compact bidet toilet helps to solve space issues in small bathrooms. It also gives significant environmental benefits. Due to low toilet paper use the waste water consistence is easier to clean in the waste water treatment plant.

For the guests and owners the daily routine will have many hygienic features. The Evac Optima Commodore is especially practical for use by the elderly and physically challenged.
